\$25.00 One Way.
\$35.00 Round Trip.

If you expect to go to California, why not go when the railroad fare is low? From now to June 15, 1903, you may go there for \$25.00. You may buy a round-trip ticket May 13 to May 19 inclusive, for \$35.00, a considerable reduction from current rates. These round-trip tickets will be limited to July 15, and liberal stopover privileges accorded.

The one-way tickets will be accepted for passage in free chair cars carried on fast trains. If sleeper is desired, tickets will be accepted for passage in tourist sleepers on payment of customary Pullman charge. The round-trip tickets will be honored on any Santa Fe train—Pullman space extra. Santa Fe all the way.

A profusely illustrated folder issued by the Santa Fe describes the trip to California, and also contains complete schedules of the special trains to be run for those who avail themselves of the low rate made for the General Assembly of the Presbyterian Church and the General Convention of the Methodist Episcopal Church, held at Santa Fe, N. M., May 10-15, 1903.

NEWS OF THE WEEK.

A Summary of Important Events Condensed from the Press Dispatches.

Track has been laid on the Santa Fe Central to a point 27 miles west of Torrance.

The grand jury in St. Louis is still probing recent Missouri legislation.

King Edward was enthusiastically received last week on his visit in Paris.

The Santa Fe has begun the erection of a handsome new depot at Raton.

The Rio Grande is higher at El Paso than it has been before for two years and is still rising.

There is a strike on the El Paso & Northeastern railway at Alamogordo. About 250 men are out.

Mexico is about to borrow \$25,000,000 at 5 per cent and the Transvaal \$175,000,000 at 3 per cent.

There is now a Greater Denver. Five suburban towns have just been taken into the corporate limits.

It is rumored that the Rock Island Company has bought a controlling interest in the Frisco Company.

The President took a regular cowboy breakfast from a chuck wagon at Hugo, Colorado, and enjoyed it.

The monitor Arkansas, which was present at the exposition dedicatory exercises in St. Louis, started down the river Wednesday.

According to schedule, the President was to leave Los Angeles this morning. At Pasadena he will probably visit the widow of the late President Garfield at her home.

The United States army board has adopted a new service rifle. The barrel of the new weapon is only 24 inches long. This rifle is said to be more powerful than the Krag.

Russia has just occupied Chinese territory and is making warlike preparations. The United States, England and Japan will act jointly to thwart Russia's designs upon Chinese territory.

Alpheus Hempte will be tried before Judge McFie Monday on the charge of murdering jailor Epitacio Gallegos at Santa Fe January 19. José Telles was hanged April 3 for participation in this crime.

Doctor Adolf Lorenz gave a demonstration of his method of bloodless surgery at the Charity Hospital, New Orleans, Thursday in the presence of five hundred physicians. There was a large attendance of crippled children and some of the scenes were affecting.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's catarrh cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

FREDERICK WINN, ARTIST.

A Young Man Who Has Recently Been Doing Some Excellent Work in Magdalena and Vicinity.

Frederick Winn, a young artist of bright promise, has recently done some excellent work in Magdalena and vicinity. Mr. Winn's work in that locality has been in the line of illustrating western ranch life. Some of the products of his talent were presented to President Roosevelt at Albuquerque as souvenirs from the ranchmen of New Mexico. The President manifested a deep interest in the productions, spoke of them in highly complimentary terms, predicted a bright future for the young artist, and said he was willing to do all he could to help him along.

Mr. Winn has crowded an adventurous career into a few years. Though he is an American, he was born in Shanghai, China, where his father was for years the leading foreign physician. His artistic talent is inherited, but it is only recently that he has applied himself seriously to work with the pencil. Yielding to the wishes of his family, he attended Rutgers College and graduated at that institution in 1899. Later he did some special work at Princeton. His fondness for animals prevailed over other considerations, however, and he came west and has for some time been engaged in the actual work of a "ranch hand." For a year or more he has made the A. L. ranch in this county his headquarters. There he has had a fine opportunity to study bronco nature in the breaking corral, while the bronco-busters have taken delight in posing as artist's models.

The improvement in Mr. Winn's work in the last few months has been marked. Truthfulness to life is the quality that especially characterizes his representations of the scenes of ranch life. In fact, in this quality he often surpasses Remington. Through the influence of Mr. E. A. Clemens, on whose ranch much of the young man's recent work has been done, he has decided to return to the east and study in one of the best art schools of the country. It is safe to predict, therefore, that it will not be long until the world at large will know much of Frederick Winn, artist.

CITY COUNCIL MEETING.

No Quorum.—Mayor Cooney Issues Some Important Orders.

At the hour for the meeting of the city council Monday evening, the roll call showed that only Mayor Cooney and councilmen Abeyta, Cortinas and Winkler were present. "No quorum" was announced, and the Mayor adjourned the meeting until Monday evening, May 11, at 7:30 o'clock.

The Mayor issued several important orders as follows: That all committees of the council make their reports at the meeting next Monday night; that the City Marshal arrest all persons caught throwing stones at the inspectors on the telephone line; and that the district attorney furnish the council a list of the names of all persons who are delinquent for city taxes so that such persons may be called upon to pay their delinquent taxes in work on the proposed road to the School of Mines.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol dyspepsia cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by A. E. Howell.

Greater Las Vegas Optic.

The Las Vegas Optic, for twenty years a leading Democratic journal of New Mexico, has experienced a change of ownership and a change of heart as well. The paper appeared Monday greatly improved in form and substance. The leading editorial in that issue announced that the future policy of the Optic would be Republican, but there were strong intimations that the Republicanism would be of an independent variety. This is another wholesome indication that the day of the political boss and dictator in New Mexico is passed. The Optic has thus merited the approbation of all citizens except those who stand for the worst in politics, and their approbation is always to be shunned.

ACTIVITY IN THE HORSE MARKET.

Buyers Visit Socorro and Magdalena and Pay Satisfactory Prices for Several Lots for Shipment.

The following letter on the condition of the horse market and recent movements therein in Socorro county is contributed by one who is an authority on the subject.

Magdalena, N. M., May 6, 1903.

EDITOR CHIEFTAIN: The annual requisition by northern buyers on the horse herds of southwestern New Mexico opened up vigorously last week at strong prices.

Canoner & Holloway of Nebraska shipped out from Magdalena two carloads of brood mares and one load of choice saddle geldings secured at the A. L. ranch. Juan José Baca of Socorro made an exceptionally good sale of mixed stuff to Blake & Goodan of Hazelton, Kansas. Bolesio A. Pino sold, also at Socorro, a bunch of horses to Grimes & Dunnegan of Colorado.

The buyers held that some of the stock was a bit small for northern purposes, but as it was smooth, of good bone, and in first class condition they seemed well satisfied with their trades. They suggested, however, the use of larger stallions in the future for the horse herds of New Mexico.

Respectfully,
X. Y. Z.

Mandamus Against Treasurer Vaughn Applied For.

The Board of Regents of the College of Agriculture and Mechanic Arts at Mesilla Park has filed a petition for a writ of mandamus to be directed to J. H. Vaughn, treasurer of the Territory of New Mexico, in the first judicial district court in this city. The petitioners pray that such a writ be issued upon the treasurer aforesaid commanding him to transfer from the sinking fund for the payment of the principal of certain territorial bonds now in the territorial treasury, the sum of \$25,000 to the fund for the maintenance and operation of the college under and by virtue of the authority contained in a clause of the appropriation law of the 35th legislative assembly approved March 15th, 1903. The matter will come up before Judge McFie upon his return from holding court in Rio Arriba county. —Santa Fe New Mexican.

Picnic from Mt. Carmel.

The Sisters at Mt. Carmel convent gave the pupils of their school the usual annual first of May picnic Tuesday. It was a happy crowd that went out to the springs in the morning and if possible a happier crowd that came back in the evening.
